Hello Michelle and Colleen,

That is the version I am using. I will try the other stuff and the fixes you, Colleen and Tony have supplied.

Regards,

Robert Dickinson

Storm Water Management Model

Version MTP6r2 (Python 3.7, PyQGIS 3.6.0, PyQt 5.11.3)

SWMM Engine Version 5.1.013

Hi Bob,

First – please see if you can load MTP6r2 from https://github.com/USEPA/SWMM-EPANET_User_Interface/releases I was thinking that you were able to do this.

If you want to try the dev-ui-py3qt5 branch then you need a python development environment, gitbash, and some other stuff.

Do you want to give it a try?

Michelle
